### **Leap Payments Ranked #1 Credit Card Processor by FindTheBest**

*Leap Payments Considered Best at Credit Card Processing Based on 18 Factors*

**Agoura Hills, CA** – FindTheBest recently ranked Leap Payments as the #1 credit card processing company based on 18 factors. Leap Payments outrank other credit card processing companies for their affordable and straightforward merchant services. The report from FindTheBest.com described Leap Payments as offering a low per transaction fees and low discount rates. They described this as being the “best of both worlds” for businesses that sell high and low priced items.

Having the ability to accept credit card payments is essential to the success of any business today. Leap Payments offers an assortment of credit card processing services, including iPad point-of-sale solutions, EMV smart chip and NFC enabled terminals, and accepting online and mobile payments. This award-winning company is ranked #1 for their exceptional service and affordability. There is simply no better way to start getting the most from your business.

Leap Payments also offers businesses better monthly statements that are clear, detailed, and available online, with or without paper statements at no extra charge. A single statement includes Visa, Discover, MasterCard, American Express, electronic checks, and gift card charges combined. Businesses can choose whether they want to add Next Day Funding to speed up money into your bank account. You can enjoy an easy, affordable credit card payment system without leasing expensive equipment or signing long-term contracts.

Leap Payments offers a combination of services that aren't available from any other credit card processing companies today. They have solutions for small or large enterprises are right for all types and sizes of businesses looking for an easy and affordable way to give their customers the option to make credit card payments. The #1 ranking from FindTheBest.com is evidence that Leap Payments truly offers the best options for today's versatile businesses. Contact them today and start getting credit card payments from your customers, no matter what types of items you sell.
